

Other Happenings At The State Show 2009 (April)

Many inside vendors with great displays.

Outside vendors with their large varieties of gourds just waiting for an artist to do their selections!

Lots of questions answered by members and vendors.

We had a broad spectrum of gourd art in competition.

A local High School entered items for the raffle.

And, of course, all the competition items had to be judged! This was a great job from all volunteers!!
